

## Course Description

### AMOS Multi Entity Training

#### Course Description

Multi Entity Training explains the concept of several financially and legally independent companies within a Group, each with their own business and how this can be managed in AMOS.

#### Course Objectives

Upon completion of this course, you will be able to:

- ✓ Understand the concept of multi entities and create the required data such as addresses and the entities themselves
- ✓ Understand the setup of Financial Transaction Definitions and the Chart of Accounts
- ✓ Learn how to record material transactions between entities
- ✓ Assign employees to the relevant entity

#### Who should attend

Users who work in a multi financial entity environment and who want to achieve more efficient and successful working skills in AMOS.
