

# Swiss-AS Training – Course Description

1/1

## AMOS Ground Time Modules – VCT

This session will give an overview of the Ground Time Modules and their usage.

During the session, you will learn to create a Template, use this template on a Workpackage and follow up the performance of the work by using Ground Time Planning.

### Course Objectives

Upon completion of this course, you will be able to:

- ✓ Create a Ground Time Template
- ✓ Add a template to a Workpackage
- ✓ Adjust the template to the Workpackage
- ✓ Add tasks of the Workpackage to the Planned Ground Time
- ✓ Handle Ground Time Planning
- ✓ Follow up the time bookings of tasks within Ground Time Planning

### Course Topics

- How to create a Ground Time Template
- How to use the Ground Time Templates with a Workpackage
- How to combine Ground Time Template & Tasks from a Workpackage
- How to use Ground Time Planning
- How to book & review Time Bookings on Tasks using Ground Time Planning
