

## Pooling as a Participant Training

The Pooling training has been developed to allow the user to understand how to set up Pool contracts and agreements within AMOS. The user will also be led through the process of handling pool parts from order to receiving, removal and return to the pool provider.

### Course Objectives

Upon completion of this course, you will be able to:

- ✓ Define Pool providers and participants in Address Administration
- ✓ Set up a pool related financial project
- ✓ Create a contract linked to the assigned aircraft defining which parts can be used
- ✓ Report on various parameters related to a pool agreement
- ✓ Create and receive a Pool Request order
- ✓ Understand how AMOS can manage the ownership of pool parts when installed on the aircraft
- ✓ Manage removed pool parts via the pool return or exchange options

### Course Topics

- Address Administration
- Project Administration
- Contract Management
- Order Management
- Goods Receiving
- Component Inspection & Records
- Workflow Administration
- Workorder
- Pickslip
- Rotables Label Booking
- Repair Administration
