# Swiss-AS Training – Course Description

## AMOS GSE Handling Training

Ground support equipment plays a major role in our daily business. This course is designed to display what options AMOS offers to manage those properly.

**Course Objectives**

Upon completion of this course, you will be able to:

- ✓ Define the ground support equipment in Aircraft Administration, Part Administration or a combination of both
- ✓ Perform necessary set-up in Basic Data Administration
- ✓ Define repetitive Checks and/or Part requirements
- ✓ Plan GSE events into a Workpackage to perform the maintenance
- ✓ Report back different GSE Maintenance Events
- ✓ Add time bookings on the used tools on a workorder

**Course Topics**

- Basic Data Administration (APN:18)
- Aircraft Administration (APN:308)
- Part Administration (APN:59)
- Part Requirements Administration (APN:2773)
- Rotables Administration (APN:147)
- Shelf Expiry (APN:359)
- Counter Management (APN:2031)
- Maintenance Forecast (APN:1844)
