AMOS MRO Quotation Management for Component Maintenance

This course was designed to demonstrate the use of the Quotation Manager program when dealing with component maintenance and parts repair services, both using scheduled component workorders or the CM modules.

NOTE: for the main course on quotation manager, which mainly deals with aircraft maintenance, refer to the training “MRO Quotation Management”

Course Objectives

Upon completion of this course, you will be able to:

- Create a Quotation for components maintenance requested by a customer
- Define caps, pricing, surcharge and material conditions
- Use component workorders and/or CM projects to deal with customer parts repairs
- Understand the full flow from quotation to billing
- Understand the purpose of the material supply quotation

Course Topics

- Quotation Manager (APN 1993)
- Work Template Manager (APN 1848)
- Workorder (APN 1418)
- Repair Administration (APN 1431)
- Order Management (APN 2015)
- CM Shop Work (APN 1085)
- Project Management (APN 306)
- Billing (APN 196)

Who should attend

MRO providers employees involved in the commercial management of customers’ parts repair and overhaul
