Swiss-AS Training – Course Description

AMOS Technical Records Training

This course focuses on the requirements of AMOS users whose role requires them to manage aircraft and component records, from the data input itself, searching for erroneous data as well as the correction of data.

Course Objectives

Upon completion of this course, you will be able to:

- ✓ Enter a workorder and record all relevant details
- ✓ Create a finding against scheduled maintenance
- ✓ Enter an AdHoc JIC to control repetitive inspections
- ✓ Use the workorder information system with its filters to search workorders in an efficient way
- ✓ Use technical assistance to report issues in AMOS
- ✓ Book rotables on and off the A/C
- ✓ Enter a counter readout, such as APU hours
- ✓ Book rotables onto an assembly that is not installed on the A/C
- ✓ Install an assembly on an A/C and transfer LRU's between assemblies
- ✓ Create a missing serial number for a component
- ✓ Correct specific data on a closed workorder and on a label booking
- ✓ Record failure confirmation details for rotables once they have been received
- ✓ Report-back maintenance events
- ✓ Enter a flight log and all associated flight data
- ✓

Course Topics

- Workorder (APN:1418)
- Maintenance Forecast (APN:1844)
- Workorder Information System (APN:1)
- Technical Assistance (APN:869)
- Rotables Label Booking (APN:150)
- Component Booking (APN:3296)
- Component Tree Label Booking (APN:184)
- Pickslip Request & Picking List Management (APN:225, 2612)
- Rotables Administration (APN:147)
- Label Booking Correction (APN:1454)
- Failure Confirmation (APN:354)
- Reporting Back Maintenance Event (APN:280)
- Aircraft Administration (APN:308)
- Aircraft Utilisation (APN:206)
- Flight Log (APN:1573)

Who should attend	AMOS users that are responsible for the data input or correction of A/C and component data in AMOS
Prerequisite	AMOS Basics Training
Skill	Intermediate / Advanced
Type	Classroom
Duration	2 days
Times	Please check our website www.swiss-as.com/services/training and/or your course invitation for the exact time.
Training Costs	On Request
Registration	Please register your participant(s) via www.swiss-as.com or contact the AMOS Training Department at AMOS_Training@swiss-as.com.
